JOSIAH TURNER, Jr., EDITOR.

THE TROUBLES IN THE SOUTH.

[From the New York Herald.]

The troubles at Richmond, Virginia, in Tennessee and Georgia, and at some other parts of the South, are giving the Administration some uneasiness. It hardly knows how to act.

The chief difficulty is that there is too much reconstruction and too much military in the South. Five years, or thereabouts, the agony of reconstruction has been kept up for political purposes, when it might have been, and ought to have been ended in one year, or two years, at farthest. In the effort of the dominant Radical party to secure the negro vote, and by that the balance of political power, military authority was maintained much longer than was necessary. The ruling faction has looked to that, consequently, for support. The negroes, under the influence of ambitious and evil minded carpet baggers, have been led to believe that the political power of the South belonged to them, and was in their hands.

This naturally placed many of them in antagonism to the Conservative white population. As the States have become restored to the Union, and the white native population have shown their power, the negroes and their carpet-bag leaders feel disappointed. They forgot that the white population was much the largest, and that throughout the greater part of the South this population had a majority of votes. As long as the States were unreconstructed and under military authority the Radicals and their negro allies had their own way to a great extent; but as soon as civil authority was restored the white Southerners began to take the control. This is the secret of the disturbances in Richmond, of the clamor for reconstruction over again in Georgia, and for the demand of the Radicals for a military government over Tennessee.

The prolonged military rule over the South has had the effect of making General Canby and other commanders mistake their duty. Though these gentlemen may be governed by the best motives, they are influenced by their military training and ideas. They cannot understand that when a State has been restored the civil law should be supreme. In the trouble at Richmond, for example, General Canby should have taken no action or have assumed no authority but to suppress insurrection when called upon by the civil power. In any dispute about the formality of an election or the right of parties to hold office he should not have interfered, but have left that to the courts. And election to office is to be taken as a *bona fide* fact, though carried by fraud, till examined and acted upon by the proper civil authority. This is the way such things are managed in the Northern States, and there is no other safe way compatible with the laws and civil liberty.

The same principle applies to Georgia and Tennessee, though Georgia, not being fully reconstructed, is in rather an exceptional position. With regard to Tennessee, a State in as perfect relations with the Union as New York or Pennsylvania, it is preposterous and dangerous to talk of reconstructing that State or of placing it under military authority, unless in the case of positive insurrection. If Tennessee can be reconstructed or placed under military rule, why not New York, Massachusetts, or any other Northern State? All the States are on the same footing. If this infamous practice were to be admitted no State would be safe. Any political party in power could destroy its political equality and rights, and there would be an end to civil liberty. This Government would be the most perfect centralized despotism.

No, better let the factions in the South fight it out among themselves; better let the two races try their strength, even by some bloodshed than establish a despotism either under the military or a political oligarchy. The negroes of the South have acquired all the political rights and privileges of the whites. They ought to be contented. It is absurd to suppose that eight or ten millions of the white race are to be the political slaves of or to be controlled by three or four millions of semi-barbarians, who hardly know their right hands from their left. In any contest the negroes must go to the wall. This is seen in the troubles at Richmond and elsewhere. It is positively cruel in the heartless carpet-bag politicians to lead these poor people to destruction. We hope General Grant will exercise his good common sense in these Southern troubles, and, above all, will maintain the supremacy of the civil laws.

An amusing paragraph states that in Vandenburg county, Indiana, one of the red children of the forest is officiating as a Methodist minister. After he has finished his sermon he delights the congregation by giving the warwhoop and executing a scalp dance, with which benedictory performance the brethren are dismissed full of pugnacity and piety. Isn't this just the kind of missionary-embassador to send with the pipe of peace to our rebellious tribes? To be sure, he would have to begin with the whoop and scalp dance. This would touch the native heart and prepare it to acquiesce in a good solid treaty on Christian principles. The Quaker agents may whoop, but they cannot in conscience dance; and the Indiana man might be had uncommonly cheap.

Greeley went to Washington to lobby for the appointment of Bailey, the recent defaulter, and Vallain. Callicott, another of the rascals whose appointment he labored indefatigably to secure, is now serving out his sentence in the State prison for stealing the people's money. Either Greeley is a very poor judge of men, or else he works for scoundrels for pay.

There is nothing purer than honesty, nothing sweeter than charity, nothing warmer than love, nothing brighter than virtue, nothing more steadfast than faith. These, united in one mind, form the purest, the sweetest, the richest, the brightest, the holiest and the most steadfast faith.

A Rural Vermont clergyman has abolished the bass viol from his choir because it made him think of dancing. A minister dancing to the airy notes of a bass viol would be a lively sight.

Said a learned astronomer, when talking to a bright eyed girl about rainbows: 'Did you ever see a lunar bow, miss?' 'I have seen beaux by moonlight, if that is what you mean,' was the sly rejoinder.

JOSIAH TURNER, Jr., EDITOR.

TUESDAY, APRIL 12, 1870.

THE WESTERN NORTH CAROLINA RAILROAD.

In another column we publish a letter from A. H. Jones, member of Congress from the 7th District. Mr. Jones is one of Governor Holden's Directors and appointees on the Western Division of the Western N. C. Railroad. He does not openly attack, nor does he commend, any one connected with that corporation which has swindled the whole State out of $6,000,000 and retarded this great State improvement, so dear to all and especially to the people of the West.

It is evident that Mr. Jones writes with a wounded conscience and a sorrowful pen. He has heard of the indignation of the people of the West against Holden, Clingman, Swepson and Littlefield. He has heard how this corporation, under the management of these men, has robbed the farmer of his bacon and bread, and the laborer of his wages. A gentleman recently from the mountains, informs us, that so intense is the feeling there against those who have thus swindled and deceived them, that should Swepson or Littlefield go on the line of that road, it would be at the peril of their lives. He said that one man who had been swindled, threatened to skin Littlefield as they once did John Zisca of old, and make his hide into a drumhead, and present the drum to the Governor to drum his official regues together, [We advise against this, on account of the cruelty of the process]

Governor Holden's administration has well nigh, if not altogether, overwhelmed the State in debt, bankruptcy and ruin.—This was effected by the thieves and plunderers of his choice and selection, and he retains them in office to this day, in defiance of public opinion, even after they have been exposed in their villainy and fraud, and have, by their flight from the State, confessed to the charges against them.

But Mr. Jones, as will appear by his letter, is not defiant of public opinion, and is determined that Governor Holden's appointing him a Director, when he had not a cent of stock to entitle him to the place, shall not operate against him with his constituents, if he can help it. In other words he don't intend to be made by the Governor the leaven to leaven such a lump of corruption. He sees and acknowledges the impropriety of allowing Swepson to present him with five shares of stock to make him a Director, and he apologizes for it by saying he informed the Governor all about it, and tendered his resignation, which the Governor declined to accept, and wrote him that Swepson also opposed his resignation.

Now, the Governor knew that Jones was Swepson's man, he having paid, or assumed to pay, $500, to get him for a Director, and therefore, he refused to accept his resignation.

Mr. Jones says Gen. Clingman drew up the By-laws. We have never seen them, but should judge they were loose and unguarded, for even Jones discovered cracks and loose hoops about them and tightened them up with amendments, because, as he says, he demanded of Swepson to report how many bonds he had sold, but "the cold shoulder" was turned upon him, and other roads refused to give him free passes while other directors had them." Take this fact in connection with that other fact, that Major Smith had a *special train* sent down, that Tuesday night, *to hurry Swepson out of the State*, after he had been summoned before the Bragg Committee, and some thing can be made of it.

Add to this the fact that the Major talked with the Governor, and Swepson was sent for and had a talk with the Governor, before leaving, and a case at least of strong suspicion is made out against the Governor, that he was apprised of Swepson's intention to depart and took no steps to stop him. We expect to have the evidence, before very long, that *he urged him to go*, even to the hint at threats!

Mr. Jones makes, in a sort of obscure way, some very strong points against the Governor, Clingman and Abbott. He connects Holden with the affair by showing that he refused to accept his resignation as Director when he was not qualified by law to hold the position, when Swepson wanted him to retain it. He convicts Clingman of making slack-twisted By-Laws, and of refusing, with Abbott, in February last, to join him in a call for a meeting of the Board of Directors.

He strikes a hard blow at Gen. Clingman, also, when he says: "There has been enough Railroad money spent in traveling to and from New York and other points, including board, &c, to quite pay off the suffering contractors."

After solemnly averring before God, that he has not received one cent, inside or outside of what is called the "Railroad Ring," he "wants to see a similarly strong affirmation in black and white, made by some who make such a demonstration about honesty and honest men."

Now, General, there is a challenge for you. Mr. Jones has thrown the glove at your feet, will you—*dare* you take it up, and make the same solemn asseveration?

We thank Mr. Jones, in the name of the people of the State for his letter. It throws additional light upon matters that have been kept, to a great degree, in the dark. Yet, judging from the air of self-complacency with which Mr. Jones concludes his letter, it seems never to have occurred to him that the public will naturally inquire why he allowed Swepson to pay $500 to qualify him as a Director? Why did he allow Swepson's friend, the Governor, to persuade him out of the notion of resigning?

When the Board of Directors refused to call Swepson to a settlement, at the time Littlefield was elected in his place, why did not Mr. Jones then resign, and expose the condition of affairs of the Road? When he heard that Littlefield and Swepson were operating with the bonds of the corporation in Florida, why did he not *then* resign and expose the affair? Instead of doing this, Mr. Jones saw fit to wait until the Bragg Committee had exposed the frauds and corruptions, to a great extent, of which he now complains.

Still, we thank Mr. Jones for his letter, though it answers no practical purpose so far as advancing the interests of the Western N. C. Railroad is concerned, and only exposes himself to the animadversion of his constituents, and adds another link to the *proof* of corrupt dealing on the part of Clingman, Gov. Holden, Swepson and Littlefield.

EARLY CORN.

We hear of but two farmers in Orange and Alamance who are planting early corn with a view of making bread by the first week in August.

The farmers of the crop last year, from the Capitol to the mountains, and the consequent high price of corn, will make early planting for early bread a desideratum. Let all who are buying corn think of it.

We sent to Baltimore for early corn for *bread*, italicising the "bread," and they sent us the six weeks sugar corn, which the madam will not allow us to plant in the garden, even for roasting ears.

Col. Robt. Bingham sent us a quart of "poor man's corn," which planted early, will make bread by the first week in August.

This is good, but would be better if it would make bread in *May*. But, alas! for poor humanity; if it could find corn to mature in May it would not be satisfied until it could find some that would mature in March.

WE PUBLISH the following for the benefit of the *Standard*, which has kept a standing request for several days, at the head of its columns, for a report of these interesting incidents throughout the State. The hellish outrage chronicled by our correspondent below, is but the legitimate result of the teachings of the Legislative Address issued by the Radical members of the General Assembly in 1868, the article of the *Standard*, headed "Work," and the general impression of indulgence and protection made upon the minds of the class of which the perpetrator of this crime is a member, by the military bill, the Governor's proclamation and the general tone of the *Standard* editorials. The party and its organ may deny this, but *it is true*, nevertheless, and every intelligent observer will see it; it is but the natural connection of cause and effect, and those who inaugurated the causes are responsible for the effects:

"ANOTHER KU KLUX OUTRAGE IN ALAMANCE."

MR. EDITOR:—As the *Standard* seems desirous to chronicle outrages committed by the Ku Klux, to sustain the Governor in his imbecile policy of declaring Alamance county in a state of insurrection, I hope he, in justice to this outraged people, will portray to the world that another fiendish, infamous, outrage has been committed by a black member of the league, of which the Governor is President, in this insurrectiontionary district, within gunshot distance of a Federal garrison. A little white orphan girl, about twelve years old, within a half mile of Company Shops, was violated in the most shocking and diabolical manner, on the evening of the 6th inst., by a black, infamous wretch, who is now in jail awaiting trial. He was but carrying out the doctrine set forth in the article "Work" and the Legislative Address of 1868, and the principles taught by the leagues and sustained by Radicalism generally. This is some of the fruits of the Governor's proclamation, declaring Alamance county in a state of insurrection, when he knew, of a truth, that no such a disposition ever existed on the part of the people.

Truly,

MARK.

AN OLD CITIZEN OF RALEIGH.—The Scotland Neck correspondent of the Fayetteville *Eag'e*, makes the following mention of a former citizen of Raleigh, in a letter to that paper, dated 4th inst:

There is a good male school here, under the charge of my old master, J. M. Lovejoy, Esq., so long and favorably known as a teacher in Raleigh. Twenty-five years ago, or nearly so, I went to him, I rejoice that though he looks grey and older, he is still vigorous and otherwise unchanged. Rev. Mr. Gold, who recently left the Missionary Baptist and united with the Primitives or "Hard Shells," has charge also of a mixed school. He is a man of very reputable talents, and is a conscientious godly man. Until his change of ecclesiastical relations he was the pastor of the Missionary Baptist Church at Clarksville.

NEW POST OFFICE.—There has been a new Post Office established, or rather an old one restored, at Falling Creek in Lenoir county.

PEARLS IN THE GULF OF CALIFORNIA.—The Revenue returns for 1869 show, that the catch of Pearls and Shell for the past year on the Gulf Coast of the territory granted to the "Lower California Company" amounted to the large sum of $78,000.

This, of course, is the valuation of the Pearls given by the divers and speculators, and is consequently very much below the actual value of the catch.

A Pearl is sold frequently for $20, which resold at Panama at $200, brings $1,000 in Paris; and in many cases much greater profits have been made on very fine gems.

Not over one-half the catch is ever reported to the government, and the yield of the Gulf for 1869 may be safely estimated at $300,000 in gold.

PERILOUS ACCIDENT.—On last Tuesday evening as Mr. Henry Troutman, a gentleman advanced in years, was returning home, the mule which he was riding threw him when near the bridge which spans a small stream on the street to the depot, and falling down the embankment a distance of some ten feet, seriously injured himself internally as well as breaking several bones. Some hopes are entertained of his recovery, but owing to his advanced age, is doubtful. *Statesville American.*

LETTER FROM A. H. JONES, M. C.

Mr. Jones' connection with the Directory of the Western North Carolina Railroad.

WASHINGTON, D. C., March 4, 1870.

MR. EDITOR:—In accordance to my promise, I now proceed to answer all letters and questions, so far as I can, in regard to Railroad operations.

In the selection of a Directory for the Western Division of the Western North Carolina Railroad, without my knowledge I was appointed as one. Knowing that I had not subscribed any stock, and that an ownership of five shares, amounting to five hundred dollars was necessary to make me a legal Director, and owing to my official duties as member of Congress, I did not attend any meetings during the first year, and hence could have had nothing to do with the organization of the Company and officers.

As is well known to all with whom I conversed on the subject, I took exception to the appropriation acts of the Legislature, contending that the issuing of the bonds should have been guarded and restricted by law so as to prevent the issuing of them only as they were needed to pay off estimates of contractors as the work progressed.

For appointed meetings on two occasions, I appointed proxies (being in Washington) who were not allowed a voice on the ground that they were not stockholders.

After my return to Asheville from the Pacific Coast last summer, I wrote Governor Holden tendering him my resignation as his appointee as Director, stating my reasons for so doing, a part of which are already given, and in addition that I did not wish to be held responsible for that over which I had no control. The Governor, in answer, did not protest against my resignation alone, but stated that Swepson protested also, and intimated that I should not shrink from responsibilities to which my immediate section of the State was so vitally interested. Soon after the reception of this letter, the annual meeting of the Directory and stock holders came off at Asheville. Prior to the opening of the meeting, I informed Swepson (the President) that I had never subscribed nor authorized any person to subscribe or pay one dollar for me, and consequently could not legally be a Director. His answer was that he had subscribed for me, and had paid the required per cent., and that I was to all intents and purposes a legal stockholder and Director, and that he would accept my transfer of that amount of stock so soon as we completed the road, and that others of the Directory occupied the same position only on a much larger scale. With this explanation, fearing that I would be charged as an enemy of the Road I reluctantly went into and participated in the meeting. At my instance, the By Laws, which were, as I was informed, drafted by Gen. T. L. Clingman, were so amended as to require the sanction of the Directory before a contract could be awarded, and that a less number than the whole Board of Directors should constitute a quorum, &c.

Although the work at this juncture was progressing quite satisfactorily to all concerned, the failure of the contractors to get their pay, caused a sensation of uneasiness throughout the country interested, in which I confess, I shared more or less. I was appealed to time and again, to make charges against those controlling the funds of the Road. But to make direct charges, not knowing whether I could sustain them or not, was a position in which I preferred not to place myself. How could I make charges when I was as completely in the dark as outsiders, and more so doubtless than some individuals?

In accordance with a petition which was got up and signed by the citizens of Asheville, I, in the meeting, insisted that we inside as well as those outside, should insist and urge upon Mr. Swepson, the propriety of continuing as President, and the impropriety of shifting the responsibility, to which Gen. T. L. Clingman responded, and wound up by saying, "We will see about that," whereupon Swepson declared in positive terms that he would no longer serve as President.

In the meeting, I also insisted that Mr. Swepson be required to report the amount of bonds he had sold and what amount he had realized for them. This demand Mr. Swepson disposed of by saying he would report to the committee appointed to make settlement between him and his successor, Gen. Littlefield. The Chairman (Gen. Abbot) had prior to this, appointed Messrs. Kenner and Ammons as said Committee. At a specified time, the said Committee proceeded to New York city for the purpose, as purported, to make said settlement, but the Rev. J. R. Ammons, a minister of the Baptist Church, in good standing, and a gentleman whom I believe to be worthy of belief, informed me on his return to this city, that after being detained from day to day with promises by Swepson, he was put off by being told a meeting of the Directory would be called in Asheville, in ten days thereafter, where Swepson would appear with his vouchers, &c., but which meeting, for reasons only known to Swepson & Co., was not called. That a dodge was intended on the part of Swepson, every observer must have keenly felt at the close of the meeting at Asheville. For my insolence, as it was termed, in demanding that Mr. Swepson be required to report to the Directory the amount of bonds sold and the amount realized for them, the cold shoulder was turned on me. As an instance, while other Directors received free passes over the North Carolina and other Roads I received none, and have been studiously kept in the dark ever since. At this meeting, the fair, and to all appearances, the candid statements and promises of Gen. Littlefield, and the prompt manner in which the estimates of the contractors were soon thereafter paid off, held out signs for hope. But alas! that is the only promise carried out from that day to this within my knowledge. At that meeting we were told that at the Board of Directors would be again called together in fifteen or twenty days; that a more efficient Chief Engineer would be immediately placed upon the Road; that the contractors should be paid off monthly; that the whole line should be placed under contract at once; that the French Broad Branch should be in running order in fifteen or eighteen months at farthest; that a report of the finances would be forthwith made and published. Such flattering promises, made to all appearance in good faith, sprung fresh hope into the minds of the people for a time. Successive delays, suspensions and disappointments soon vanished their hopes. The Directors being widely separated, it was hard to procure concert of action on the part of those who were disposed to investigate and advise for the best interests of the Road. An effort was made to get a quorum together, but owing to a severe attack and protracted spell of sickness, and my duties in Congress I could not, on my part, leave Washington. Finally the Legislature took the matter in hand, and the result is not yet seen. In the meantime Swepson, Littlefield, Clingman and Davidson for some purpose, made their appearance in this city. Mr. Ammons having been here for some time on other business was also on hand, and of course Senator Abbott and myself were here. More than a quorum of the Board of Directors were in this city for weeks. The Secretary and Treasurer, Mr. G. M. Roberts was also here at the same time endeavoring to procure money for the contractors. It is reasonable for everybody to suppose that some important object was at stake, and it is perfectly natural that every body interested was ready to enquire why it was that a quorum of the Board of Directors of the Western Division of the Western North Carolina Railroad had assembled in the City of Washington. Was it for the interests of the Road do you enquire my reader, that Messrs. Swepson, Clingman and Davidson, and all of us were assembled here in Washington City? It was understood on the arrival of President Littlefield, that we were to have a meeting. He told me himself that he was going to call a meeting, but delayed this call until Mr. Ammons and myself suspected the object was not to hold a meeting in which we could have a voice. This is exactly the way I felt. At all events acting upon this presumption, I drew up the following request, which was presented by Mr. Ammons and a copy retained:

WASHINGTON, D. C., Feb. 21, 1870.

Messrs. M. S. Littlefield and George W. Swepson Esqs., Gentlemen: It is our earnest request that the Directors of the Western North Carolina Railroad now in this city, be called together at the earliest possible moment, this day, to take some advisory steps in reference to the best interests of said Road, &c.

[Signed] A. H. JONES,
J. R. AMMONS.

Upon the presentation of the above notice, Gen. Littlefield notified Mr. Ammons that a meeting would be held at his room in the evening of the same day at 7 o'clock, of which Mr. Ammons notified me and others, but on the adjournment of the House of Congress, General Littlefield notified me that he had postponed the meeting and that he would notify me by 10 o'clock that night when and where he would call the meeting. In order that no misunderstanding occur, Mr. Ammons and myself attended at the first appointed time, no meeting was held and we were informed that no meeting would be held—no notice came as promised. I returned to my room and drew the following after 10 o'clock the same night:

WASHINGTON, Feb. 21, 1870.

To M. S. Littlefield and George W. Swepson, Esqs., Gentlemen: As directors of the Western Division of the Western North Carolina Railroad, we respectfully advise and request you to make the report and return the Bonds or the proceeds in substitution of the same, as required by the recent act of Assembly.

We are satisfied that this course is demanded by the public sentiment and best interests of the State, and is the best mode of avoiding (or causing the repeal of) the acts repealing the appropriations and other unfriendly Legislation, and is the only course to secure the construction of the Road.

[Signed] A. H. JONES,
J. R. AMMONS.

The above request was presented in writing to Senator Abbott, General T. L. Clingman and A. T. Davidson for their signatures but they declined to sign it. A copy was handed to General Littlefield and a copy retained.

I have thus given a faithful, condensed statement of my conduct and knowledge of affairs connected with the Road, and will add that I have in every proper way that I knew endeavored to find out the secret workings and mysteries connected with the suspicious and the suspicioned, but failed only as outside circumstances connected therewith led me, and I here aver and solemnly affirm before God by whom I expect to be judged in the great day of accounts that I have never sought nor received to the amount of one cent inside nor outside of what is termed the Railroad "Ring," that I have never in any official capacity given my influence for official positions, or made nominations to office, for money or pecuniary reward in any shape or form, or for the hope of it in any shape or form outside of my lawful pay.

This declaration on my part is entirely voluntary and I should like to see a similar strong affirmation in black and white by some who make such ado about honesty and honest men.

There has been quite enough Railroad money expended in traveling to and from New York and other points, including board, &c., one way and another in connection with the Road, to quite pay off the suffering contractors. Some have been more interested in the sale of bonds and Wall Street operations than in paying off the estimates of contractors whereby the whole country interested might be received.

Having already extended this letter to a greater length than I intended, I close for the present, trusting that I have answered satisfactorily those seeking information at my hands. Should occasion require further explanation of me, I will be found ready at any and all times to give them, as far as in my power, particularly, as I am informed that some of those most suspected of being connected with speculation, are most anxious to have me bear a part of the responsibility of their sins.

I am, fellow citizens, very respectfully,
Your obedient servant,
ALEXANDER H. JONES.

CARD.

SOUTHERN LIFE INSURANCE CO.

TO THE PEOPLE OF NORTH CAROLINA.

AT the request of General Jno. B Gordon, President Atlanta Department, I have come to your State to bring prominently before you the claims and merits of the Southern Life Insurance Company. It is under the control of as honorable and as responsible men as there are in the land. It is managed in the most prudent and economical manner and will deal justly and fairly with all.

We have no war to make upon other Insurance Companies, but we do wish to impress upon the people the importance of *keeping their money at home*. By careful calculation it is estimated that a sum of not less than *twelve millions* (annually) is sent from the South, to the North for Life Insurance and unless checked will surely prove suicidal to our interests. We ask you to consider how greatly the material interest of this section would be benefited by the retention of these enormous sums in our midst.

We send no money away to enrich foreign capitalists but every dollar of premium (less expenses) is INVESTED IN THE STATE FROM WHENCE IT IS DERIVED.

This department of the Company has operated both in Georgia and South Carolina, and has done an unprecedentedly large business. Some of the most prominent gentlemen in those States are identified with its interest. Its Board of Directors embrace the names of the ablest financiers, and most successful business men in the South. They are the Trustees of the sacred fund of the widow and orphan. Will you not trust your friends and neighbors; or is it more secure in the hands of strangers? We appeal to you to assist us in pushing forward this deservedly popular and reliable Southern corporation. Its solvency is unsurpassed by any Company doing business in the United States, its ratio of assets to liabilities *the only true test of a Company's strength*, fully sustaining this statement. We would respectfully call attention to the Board of Directors and Stockholders, published in another column, and to our Board of Reference in this State and others.

General Agent.

PHOSPHATIC FISH GUANO,

Manufactured at Norfolk Virginia.

This article is much superior to the Peruvian Guano as a Fertiliser. It contains a much larger percentage of *bone phosphate* and soda, and nearly as much Ammonia, its effects upon the land will be seen for years.

The following extracts from certificates received from those who used it last year upon Cotton will have the effect to remove the prejudice produced by the use of manufactured fertilisers, and give confidence in this home made article.

H. Lobenman, Esq., of Bertie county N. C. writes: "I have used your Phosphate Fish Guano in equal quantities side by side with Peruvian Guano and found the product much in favor of your article, the weed was larger, Cotton heavier and the plant kept green through the dry Summer."

J. J. Horton of same State, writes to the same import. Our Circular for January 1870, contains these and other certificates in full.

I. O. O. F.—The members of Manteo Lodge, No. 8 are reminded that this (Tuesday) night is the time of the Regular meeting, at which members are requested to attend punctually.

Evangelical.—We are requested to give notice that Elder Q. A. Ward, of the Primitive Baptist Church, will preach in the Court House in this, city, on Tuesday evening, 26th inst., at 8 o'clock (Deo volente) All are invited to attend.

Tucker Hall.—On Friday night, 15th is the first of three entertainments at Tucker Hall, "The Hibernicon," will be given. This is spoken of by our Wilmington exchanges in most commendartoy style, as a highly amusing, entertaining and instructive exhibition. See announcement.

Removing.—We noticed yesterday in passing up Fayetteville street, a small mountain of boxes in the store formerly occupied by D. C. Murray, containing the new stock of goods that Mr. M. Rosenbaum. When we were a boy and went a fishing, we always thought we had found a "good hole," if we got a "bite" on first throwing in our hook. Judging by this rule, we should say that Rosenbaum has got a good stand, for we saw him sell an article in a few moments after he got in—before he had put any goods on the shelves, or even taken them from the boxes.

Superior Court.—Spring term of Wake Superior Court opened here yesterday, His Honor, Judge Watts presiding. The Grand Inquest was drawn and received the usual charge—nothing said about tampering with them, this time. We did not hear the charge, however, and only speak from hearsay.

There are a very large number of persons from the country in attendance, which must be a heavy drawback to farming operations.

The following constitute the Grand Jury for the term:

J. M. Brewer, Foreman; Cader Olive, James Stewart, J. R. Warren, K. Upchurch, Alvin Yates, Ira Oliver, W. C. Rogers, Geo. Johnson, Thomas A. Whitley, R. L. Allen, Virgil Rie, W. J. Griffice, and Phillip Boylan.

Bring Back that Hat.—While His Honor, Judge Watts, was charging the Grand Jury, yesterday, against larceny and kindred crimes, such was the effect upon the large concourse of white and colored auditors present, that somebody stole the hat of Mr. Bromell, who was acting as Deputy Sheriff on the occasion. We hope the Judge will have an opportunity of administering a special charge to the miscreant who got that hat, before Court adjourns, and as he is both pathetic and didactic on such occasions, it may have a tendency to bringing about a reform in the practice of hat stealing, especially to its being carried on right under his nose.

Bromell wants the rogue to bring back that hat.

Colored Doctors.—A colored man was sick in Wilmington, last week, and under the treatment of a regular physician, was recovering. On Friday last the man's family sent for a colored quack, the sick man received a dose of medicine from this pretender and was dead in forty minutes. The colored M. D. was arrested and lodged in jail to await the investigation of a Coroner's Jury.

Ku Klux in Hockaday.—On Saturday night last Mr. Al. Upchurch of this city, had his smoke house broken open and some two hundred pounds of meat taken therefrom. Circumstances fastened suspicion on the inevitable Ku. Klux, and he was arrested and taken before the Mayor for preliminary examination. A large number of witnesses were examined occupying nearly the whole day, and facts elicited which fastened the charges upon Ku Klux forcible that he was held to bail in a bond of $5,000, which being unable to give, he was sent to board with Capt. Lee.

Owen Holmes.—This colored youth was sent to jail yesterday, on failure to give bail, to answer for the commission of a most heinous and unnatural crime.

Above suspicion.—A number of the most prominent and influential citizens of the noble old commonwealth of Kentucky have united together to from and recommend to the people at large its patronage, a very attractive Prize Scheme; and we are glad to be able to say that the inducements are so great, and the security for the faithful performance of all promises so strong, that it places the whole thing entirely suspicion. We will be happy to furnish any of our friends information on the subject or to aid them in securing tickets.

The Executive Committee of the Cape Fear Agricultural Society held their regular monthly meeting last night. But little business of special importance was transacted. R. potts of sub-committees continue to be received and preparations are being actively made looking to the perfection of our second annual Fair next Fall.—*Wil. Journal of Saturday.*

Judge R. R. Heath.—We are glad to see from the Memphis papers that our former fellow citizen, Judge R. R. Heath, is meeting with the appreciation at the hands of the people of that State to which his exalted social and legal qualifications entitle. We clip the following from the Memphis *Avalanche*, coupling Judge Heath's name with the Judgship of the Memphis Judicial District, which will be read with pleasure by the many friends of that gentleman in this State:

THE JUDICIARY ELECTION.

Messrs. Editors:—Consultations in regard to the approaching election of Judges and other officers of the State Government under the new Constitution, are already going on, and the propriety of inviting the public attention to the merits of citizens whose qualifications are most worthy of consideration at such a time is too obvious to require any apology for the act. There is at the Bar of this city a gentleman whose character and antecedents afford a most ample pledge of usefulness and honor to the Judiciary of Tennessee, if he should be promoted to the Bench, and whose record is such that no one acquainted with it will dispute his eligibility and eminent fitness for the position. Not the least of his recommendations is that retiring and unobtrusive modesty of conduct, on all occasions and everywhere, so appropriate to the character of a dignified Judge, and an amiable accomplished gentleman, of high social position through life. Such a Judge he formerly was in North Carolina, where he possessed an influence and a place in the public estimation, second to none of his cotemporaries, while he presided in the courts of that State. His popularity was distinguished among the members of the Bar, as well as with the people at large. The same characteristics which thus established him in public favor there, have been attested here, by the singular manner in which a man of his ability has kept the noiseless tenor of his way amid the late turmoil of political warfare and revolution, allying himself with no partizan clique, and keeping calmly aloof from the play of faction, and "every maddening strife." In times like these it is refreshing to observe the spectacles of a career like that of the Hon. Robert R. Heath, now practicing law in this city, and abstaining from the pursuits of any other object of ambition.

Upon the principle of putting the right man in the right place, it would be hard to find an objection to the appointment of Judge Heath to a position like that which he has heretofore adorned, where impartial justice is to be administered and questions of right and equity to be clearly determined. The high-toned courtesy of his manners and the integrity of his life, together with his judicial experiences and reputation, give him a claim to the attention of this community in selecting Judges for its several courts, which it is to be hoped he will not fail to receive; and in the desire of seeing him called to exercise his talents in presiding over one of them, whether of Chancery or Law, this communication is respectfully offered by

One of the People.

For the Sentinel.

Granville, April 9th, 1870.

Editor Sentinel:—The spotted circus gave one of its speckled performances in Oxford, to-day, for the purpose of selecting delegates to represent them in the Raleigh Republican Convention, and it was one of the most worn and weatherbeaten concerns you ever saw.

One Ed. Lion was called to the chair, and his *roar*, in entering the ring, was as puerile as a tomahking kitten, and then "honest John," the original ring master, introduced his famous clowns, B. W. Lanliter, of "killdee notoriety," and T. L. Hargrove, the recent Ethiopian Magician. First came the bird man, with killdee appendage, and such a fluttering and snuffling, the oldest darkeys had never seen before, and as the old bird espied his imaginary seat in the next *Congress*, he thought the "Dewease catagory was no where," and great tears of gratitude trickled down his pallid cheeks in adoration of the great goodness of this sable throng, for their indefatigable energy in supporting him so long. And then the "ex-Lieut. Colonel of the C. S. A.," *Hargrove*, sallied out, thanking the colored auditory for the great kindness they had shown him, and that he had been a believer in the Republican party ever since the County Commissioners had given him that $300 for his valuable service as their "legal adviser," and that now as he saw an opening for him to get into the next Legislature he was fully saturated with that party, and it was the great party to save the good old North State from Conservative destruction. He appealed to his colored friends, and said that they held the balance of power in North Carolina, and that if they would stick together, and *all stick to him* he would run them into a "mule and forty acres" certain. And after making a few other summersaults, he returned into the army of his blessed colored friends, caressed by his old friend, Eagland, who declared this as "another bright day of his life," and that it made him feel like the good old camp meeting going, &c.

One Cook, carpet bagger, was next brought out, but the animals of his kind are not now very entertaining, and his feats failed to interest one, so I think he retired very disconsolate he is also looking to a set in Congress.

Then the *fox* and *monkeys* broke loose simultaneous, and such a heterogeneous mess of speech making the like was never known. Brown, black and white, each contending for the floor, and in vain did the *Lion* hammer with his knife, but there was no stopping them until the whole thing broke up in a row, to meet again to night, when the "coalman" said he hoped to meet with less office seekers, and in that event he knew better order would prevail.

I will write you again of their proceedings to-night. Only 49 Republican candidates for the Legislature in this county.

Yours, &c.,

"WHAT."

Payment of Insurance.—The following acknowledgement of the receipt of the full amount of an insurance policy issued to Mr. D. J. Ramsay, of Beaufort, is another evidence of the propriety of making that sort of provision for the protection of one's family in case of death. The Ætna has paid to the representatives of various families in this State, within the last three years, one hundred and fifty-three thousand dollars:

Beaufort, N. C., March 28th, 1870.

Mr. C. Lowenberg, Local Agent for "Ætna" Life Ins. Co., Hartford, Con.

Sir:—Through W. H. Crow, General Agent, Raleigh, N. C., I have to acknowledge the receipt of $10,000.00 for Policy No. 36 606, held by Mr. David J. Ramsay, deceased, in the Ætna Company, and with pleasure recommend you to the community at large as an efficient Agent, as well as your excellent company for their prompt payment of claims against them.

Yours respectfully,

WM. B. DUNCAN, Adm'r of D. J. Ramsay, dec'd.

TO THE PUBLIC.

It has come to the knowledge of the Board of Trustees of the North Carolina Department of the DeSoto Mutual Life Insurance Co., of St. Louis, Missouri, that a rumor has gained some currency, to the effect that the members of this Board were induced to lend the influence of their names to said Company, by the *gratuity* of a Policy to each.

This rumor has been traced to its source, Mr. W. H. Finch, Gen'l Ag't in part, for this State, of another Life Insurance Company.

By authority of the Board of Trustees, I pronounce this statement entirely untounded.

They direct me to say, and I take pleasure in stating, that they commenced themselves with the Desoto Company after having all matters connected with it properly and fully investigated, and that they believe that no similar Company Company enjoys a fairer reputation or conducts its operations upon a more liberal and secure basis.

There was considerable acrimony on the Supreme Court Bench this morning over a side question in regard to the resumption of the legal tender question; no point of law involved, but the temper of the Judges attracted much attention and some expressions of sorrow by the Bar.

In the Senate the entire day was occupied with the North Pacific Railroad.

A New Discovery!!

PHALON'S

"VITALIA;"

OR,

Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

Phalon's "Vitalia" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

The Vitalia is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

UNPRECEDENTED SUCCESS

Medal Awarded by the Paris Exposition, 1867.

THE AMERICAN COMBINATION Button Hole & Sewing Machine

Has been honored with the highest award in premiums and diplomas wherever entered for competition at fairs and exhibitions held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates, as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work,

Place it unquestionably far in advance of any other similar invention.

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity) making either the Lock Stitch or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparitively noiseless, easily understood, and in a word it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Mrs. Tompkins' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.

A

HEROIC REMEDY!

HENRY'S

CARBOLIC

CONSTITUTION

RENOVATOR!

Based on Science, Prepared with Skill, and all the available ingenuity and experience, that the art of pharmacy of the present day can contribute. And

COMBINING IN CONCENTRATED FORM THE MOST

VALUABLE VEGETABLE JUICES

Known in the history of Medicines for

PURIFYING THE BLOOD,

Imparting

NUTRITION TO THE SYSTEM,

Tone to the Stomach,

And a Healthy action to the Liver, Kidneys, Secretive and Excretive Organs.

A DYING ZOUAVE

lay breathing in last on the battle field, his companions surged on and left him alone. They knew the cause of his approaching end it was the deadly bullet. No friendly voice could cheer him to life—no human skill could save him.

Thousands of Precious Lives

are to-day as rapidly sinking, and as surely tottering on to an untimely end, in Suffering Agony, Wretchedness, and Ignor nce of the cause which

Science can arrest and assuage.
Nourish into new Life and Vigor,
And cause the Bloom of Health
To dance once more upon their withered Cheeks.

DISEASE, LIKE A THIEF,

Steals upon its victims unawares and before they are aware of its attack, plants itself firmly in the system, and through neglect or inattention becomes a stead, and defies all ordinary or temporary treatment to relinquish its merciless grasp.

DO YOU KNOW THE CAUSE OF

The wasted form—the hollow cheek?
The wild scred face—the shallow complexion
The feeble voice—the sunken, glassy eye?
The emaciated form—the trembling frame?
The treacherous pimple—the tortuning sore?
The repulsive eruption—the inflamed eye?
The pimpled face—the rough colorless skin and debilitating ailments of the present age?

The answer is simple, and covers the whole ground in all its phases, viz: the

FANGS OF DISEASE

AND

HEREDITARY TAINT

ARE FIRMLY FIXED IN THE

FOUNTAIN OF LIFE—THE BLOOD.

The

INDISCRIMINATE VACCINATION

during the late war, with diseased Lymph has

TAINTED THE BEST BLOOD

in the entire land. It has planted the germ of the most melancholy disease in the veins of men, women and children on all sides, and nothing short of

A HEROIC REMEDY

will Eradicate it root and branch, forever. Such a Remedy is

HENRY'S

CARBOLIC

CONSTITUTION

RENOVATOR.

On reaching the Stomach, it assimilates at once with the food and ingests therein, and from the moment it passes into the Blood, it attacks disease at its fountain head, in its germ and maturity, and dissipates it through the avenues of the organs with unerring certainty, and soon's new and pure Blood is carried through every artery and vein.

The tubercules of Scrofula that sometimes flourish and stud the inner coating of the abdomen, like kernels of corn, are withered, dissolved and eradicated and the diseased parts nourished into life. The Torpid Liver and Inactive Kidneys are stimulated to a healthy secretion, and their natural functions restored to renewed health and activity.

Its action upon the blood, builds o' the body, and Glandular System, are

TONIC, PURIFYING AND DISINFECTANT,

its touch disease droops, dies, and the victim of its violence, as it were

LEAPS TO NEW LIFE.

It relieves the entire system of Pains and Aches, enlivens the spirits, and imparts a Sparkling brightness to the eye,
A rosy glow to the Cheek,
A ruby tinge to the Lip,
A clearness to the Head,
A brightness to the Complexion,
A buoyancy to the Nature,
And happiness on all sides.

Thousands have been rescued from the the verge of the grave by its timely use.

This remedy is now offered to the public with the most solemn assurance of its intrinsic medicinal virtues, and powerful Healing properties.

FOR ALL AFFECTIONS OF THE

Kidneys, Retention of Urine,

And Diseases of Women and Children,

Nervous Prostration, Weakness, General Lassitude and loss of Appetite, it is unsurpassed.

IT EXTINGUISHES

Affections of the Bones, Habitual Costiveness, Debility, Diseases of the Kidneys, Dyspepsia, Erysipelas, Female Irregularities, Fistula, all Skin Diseases, Liver Complaint, Indigestion, Piles, Pulmonary Diseases, Consumption, Scrofula or King's Evil and Syphilis.

Do not Insure Your Life

UNTIL YOU ASCERTAIN FROM

P. F. PESCUD,

General Agent for North Carolina,

WHY THE

National Life Insurance Company,

OF THE

UNITED STATES OF AMERICA

can, and does issue a larger Policy for less money than any other Company, represented in North Carolina.

The National was organized in August 1868. She has issued nearly

10,000 POLICIES,

HAS A CASH CAPITAL OF

$1,000,000,

which was all paid in before a Policy was issued and which has already increased, fifty per cent. All the losses reported to 1st Jan'y last amounted to but $40,000, and as a further evidence of the great care observed in the selection of risks, 926 applications amounting to nearly $3,000,000 were rejected last year. Therefore a solid basis and inducements that none but Stock Companies can afford, is enjoyed by all who prefer the National to Mutual or Mixed Companies.

ALL LIABILITY FOR LOSSES IS AVOIDED.

Every man who has a family, should try to create an Estate for their support, when he is taken from them by death—and a very small annuity spent for a Policy secures a larger amount of Cash Assetts, and is far more certain, than the same amount will secure in any other investment, and a more tender expression of love and responsibility could not in any other way be more beautifully expressed.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Smoke!—No more Grease!

No more Fires!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

It costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 25 years from May 3rd 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received send the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Bale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, James P. Lucas, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coast wise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

Pianos for Sale! Pianos for Sale.

MR. WILLIAM H. VAUGHAN, WELL known in our community as a Musician and Piano Tuner, is now appointed Agent for those splendid, Seven Octave, fine Rose Wood Pianos, built by C. M. Tremaine & Bro. These Pianos will be warranted for six years, and Mr. Vaughan is here ready to keep the instrument in perfect tune, if it should need it. He has at this time one of the Pianos at his residence, on Cabarrus Street, a little East of the N. C. R. R. Depot, and would be glad to show it to any one who will call to see it.

These instruments took the premium at the Virginia State Fair, and without doubt are the best and cheapest instruments in the North or South.

Old Pianos taken in exchange for new ones, at a fair price. A I am confident that I can sell cheaper than anybody else, I beg of my own people in the State to give me a call before purchasing elsewhere.

Piano tuning and Repairing done at shortest notice. Can make an old Piano as good almost as new, for a very low sum.
